SEASON 1

Intro

FabuRocks was created and inspired by our daughter FABU to help her with speech delay, learning disabilities, and ADHD at home. Our desire to help FABU led us to use gaming, unboxing videos, and live streaming as the primary therapeutic tool that produced quicker and more significant improvement than she had ever obtained through conventional therapy.

Now that FABU is older, she is no longer embarrassed for us, as a family, to openly discuss the obstacles she faces daily. After seeing her significant improvement over the years, she now understands the importance of being verbal about her disabilities, what we do, and how we do it to empower others like her.

For this reason, we have decided to create a Podcast to share our story, how we got here and where we are headed as we openly discuss our: Experiences, Methods, Techniques, what has worked, what has NOT worked, our frustrations, how we overcome our challenges and our plans.

Episode 10

Pokémon Go Fever Hit

Pokémon Go came out, and we were hooked immediately!!

What we loved the most about this game was that it brought grandparents, parents, and kids out playing the same game. We also loved that we discovered new places, beaches, and parks we had never been to before. Most weekends were spent hanging out with other Pokémon Go trainers and participating in raid events, which helped Fabu be more social.

The therapeutic tool used in Pokémon Go was that every Pokémon had a name which was a challenge for Fabu to learn and pronounce. Fabu also needed to talk about each Pokémon and their evolution since each evolution had its own unique name.

Fabu's gameplay was on her tablet, and we would record her and her voice with the camera.
